360° PANORAMA | MODERN INDUSTRIAL CANVAS | NORTHCLIFF RIDGE.

The Horizon

JOHANNESBURG IS YOUR LIVING WALLPAPER.

Our 360-degree view isn't a feature; it’s an experience. As the city lights up from the Northcliff ridge, your event transforms.

- **The Rooftop:** The ultimate vantage point for intimate dinners or sunset cinema sessions.
- **The Main Stage:** Expansive glass frontage that keeps the skyline front and center.
- **The Vibe:** Passive cooling from the natural rock mass ensures the climate is as cool as the aesthetic.

ROCKEY DRIVE,
NORTHCLIFF,
JOHANNESBURG.

Effortless Production Logistics
Bring the drama. Our no-step loading path means your crew actually smiles during loading, and those 5 meter high doors? Yes, you can drive a car inside. No, we will not help you parallel park it.

Built for Bold Ideas
Got a big vision? Bigger. Our 500kg/m² floor loading and 500kg rated I-beams can handle builds that make other venues cry. Go ahead - suspend it, stack it, light it, load it. We can take it.

AV & Lighting That Make You Impossible to Ignore
Crystal clear sound. Cinematic visuals. Lighting that jumps from soft mood to “headline show” in a heartbeat. No fuzzy mics, no sad spotlights, just high performance tech engineered to make your event look sharper, sound bigger, and feel unforgettable.

Culinary Powerhouse
Three kitchens. Two walk-in fridges. Two walk-in freezers. Endless possibilities. Whether you’re feeding 50 or 500, our culinary setup is ready for whatever magic your chef dreams up.

Fully Licensed Venue
From champagne towers to cocktails that require a backstory, our full liquor license means your bar is as ambitious as your event. Cheers to that.

Connectivity
If it’s worth hosting, it’s worth showing off. Our 720mbps fiber makes live streaming smoother than a wellshaken martini. Go global without breaking a sweat.

Sustainable by Design
Eco-friendly, but make it industrial sexy. With solar power and borehole water, your event stays greener, cleaner, and uninterrupted - even when the rest of the city goes dark.

Safety First, Always
We handle the serious stuff so you don’t have to. A full security team, CCTV, and a Venue Manager keep everything running tighter than your event timeline.

Wheelchair Friendly Access
Step-free. Stress-free. Everyone moves through the space comfortably, because great events should include everyone.

Smart Arrival Experience
We love a big entrance, but not big traffic. That’s why we recommend taxi forward arrivals for groups - smoother flow, faster fun. VIPs? You get 20 exclusive bays. Flash that parking pass proudly.

Open Late for Big Moments
From 10 AM to 2 AM, the night (and the conversation) is yours. Because nothing memorable ever ended at 11.

Frankly,

we don't let just anyone in our kitchen.

We believe in the power of the specialist. We specialize in the view, our network of industry experts specializes in the unforgettable.

Frankly, a stage this iconic deserves a world-class performance. We've curated a group of the industry's most decorated specialists, from award-winning caterers to production geniuses.

Our partners understand that at this altitude, "good enough" doesn't exist. Whether you are hosting a high-stakes corporate launch or a private celebration for the few who matter, our partner network handles the logistics and the experience, so you can focus on the skyline.

Our Mantra

Inspired by the fierce immovability and directness of ***Fudo Myō-ō***, the Frankly Oscar mantra is a declaration of presence.

Like the deity seated upon his rock, we are literally carved from the stone of the Northcliff ridge. We do not shift for fleeting trends or bend to the "standard" event protocol. We are the unshakeable foundation, a modern industrial pillar of steel and stone that stands firm while the rest of the city rushes below.

We carry the sword that cuts through the delusions of the ordinary. Frankly, we have no patience for the beige, the cluttered, or the uninspired. Our "blank canvas" is a tool of purification; we strip away the fluff to reveal the raw, luxurious power of a space that works. We don’t offer excuses; we offer an industrial stage that handles the heavy lifting so your vision can exist without compromise.
